NAME MEMBERS OF CHARLATANS' CAST

Freshmen Show Up Well in Competition for Parts on Dramatic Club

Thirty-eight men tried out for Charlatans at the Psi U House Thursday night, and keen competition was given for each part on the cast. Unusual dramatic talent was displayed, and the great interest in the try-out insures an active and a successful season.

About half of the men who competed were from the Freshman class, and great ability was shown by several of them. These men will more than make up for members of Charlatans who have left college since last season. Interest in Charlatans has increased steadily each year since the establishment of the organization, but this year marks an unusual stride. Prof. Fancher expects that a high standard of amateur dramatics will be set this year.

There was an average of five men for each character, and the judges, Prof. Fancher and Prof. Rudd, had great difficulty in selecting the cast. Other plays will be given later in the year, and it is expected that men who were not selected this time will compete for the next plays.

Cast for Plays

The men who were chosen for "Helena's Husband" are: Paris, Barry, '21; Menelaus, Jessup, '18; Tsumu, Griffith, '21; Analytikus, Ives, '19; Helen, Dodge, '18. The "Bushido" cast consists of Matsuo, Fuller, '19, Mistress Cheeyo, Van Norden, '19, Tonarmee, Thorp, '20; Silly, Barron, '21, Gembah, (undecided). These parts have been assigned temporarily and will be changed if necessary. Minor parts will be given out soon to other men who were at the try-out.

Prof. Fancher and Pres. Dodge will meet members of the cast sometime the last of this week to read and discuss the plays. Rehearsals will be started as soon as possible and the two plays will be ready for presentation before Christmas.

Roberts Arranging Trips

Manager Roberts has been negotiating with Binghamton, Endicott, Oneonta, Auburn and Watertown, and plans to make at least one trip between the first and fifteenth of December. It is hoped to make Binghamton-Endicott and an Oneonta trip at that time, but no definite arrangements have been made yet. "Ed" Moore, '17, is planning for the Oneonta trip under the auspices of the Red Cross, and alumni are making arrangements in Binghamton and Endicott. Manager Roberts is working up the Auburn and Watertown trips, but does not plan to play those cities until after Christmas.

DR. STONE TELLS OF WORK IN BELGIUM

Alumnus Describes Work of Relief Committee in War-Stricken Country

SHUT OFF FROM WORLD

A vivid picture of the war conditions in Belgium behind the German lines was sketched by Carlos H. Stone, '78, in his address last Thursday evening in the Chapel. Dr. Stone was formerly the headmaster of the Stone School at Cornwall-on-the-Hudson. He has been stationed at Dinant in the district of Namur since the beginning of the year engaged in the Belgian relief work as one of a committee of Americans supervising the distribution of food.

"I desired to get into the biggest life-saving organization in the world," declared Mr. Stone, "and for this reason I chose the Belgian relief work. Mr. Hoover, who was at the head of this organization, is a great statesman, an experienced, efficient, and trustworthy man. He put the organization on its feet by securing from England and France appropriations amounting to \$12,500,000 each month. The work of the commission was to distribute to the Belgians the food purchased with this money."

Young Men Escape

Mr. Stone described how the Belgian young men escaped across the border. After he becomes nineteen, every Belgian considers it his duty to cross the border and join the Belgian forces training in England. The frontier is guarded by electrically charged barbed wire and patrolled by German soldiers.

The real hardship of the Belgians is their being shut off from the rest of the world, and not the scarcity of food. Lack of communication with friends and relatives who have been in the Belgian army in France since the fall of 1914, and who have not been heard from since that time is

(Continued on page 4.)

DR. DALE'S HOME COMPLETED

Residence of Dr. Wood to be Finished by December

One of the two faculty houses, provided for by Alexander C. Soper's fund of \$20,000, has been completed and is now being occupied by Prof. Dale. Dr. Wood will live in the other one, which is expected to be finished in December. These houses are located just west of the district school on college property. When ground was broken for their erection last spring, it was thought they would be ready in September, but on account of the work being discontinued in the summer, their completion was delayed. These houses are of two-and-a-half stories and of colonial style.

ALBERT PRETTYMAN SIGNED AS COACH

Springfield Y. M. C. A. Man Appointed as General Athletic Instructor

With the signing on Monday night of Albert I. Prettyman of Buffalo, graduate of Springfield Y. M. C. A. College in 1906 and director of gymnasium and athletics of the Nichols School, Buffalo, since 1912, the question of who would coach the Buff and Blue football team this fall was settled. Ever since the opening of College President Ferry and Dr. Wood have been on the lookout for a satisfactory man and Mr. Prettyman was selected out of a large list of candidates. The hiring of Mr. Prettyman puts into operation the new coaching system as inaugurated by the College last spring. The new Coach will have charge of all the college coaching and will also direct the gymnasium.

ALBERT PRETTYMAN

All-around Athlete

In Mr. Prettyman Dr. Ferry believes that he has the man possessing all the necessary qualifications for the position. While in college Mr. Prettyman played varsity football, hockey, and baseball, and since leaving college he has coached track, basketball, football, baseball and hockey. He has also helped in military drill.

(Continued on page 5.)

TENNIS TOURNAMENT

Rain interfered with the completion of the tennis tournament last week. A few matches were played but Coupe is, as yet, the only candidate that has entered the semi-finals.

HAMILTON LOSES HARD FOUGHT GAME

Numerous Forward Passes Give Williams Victory Over Buff and Blue

LOWELL BLOCKS PUNT OUT

Excellent use of the forward pass enabled Williams College to beat Hamilton Saturday, at Williamstown, by a score of 12-0 in a game that was marked for the evenness of the contest. The Hamilton line proved itself equal to its opponents and frequently threw the Williams backfield for losses. Four times Hamilton pushed the ball within scoring distance, but the lack of a versatile offense enabled Williams to consolidate its defense and hold for downs. Hamilton's offense plainly showed the absence of coaching.

Hamilton Good on Defense

The most pleasing thing to Hamilton rooters was the defense put up by the Hamilton forwards. Lowell, Gorman, and MacLean showed up particularly well in smearing plays back of the line. Boynton's far-famed end-runs failed to materialize around Welsh, Spinning, and Morrow.

Lowell accomplished the very rare and difficult feat of blocking a punt-out. Starting at the referee's signal, and eluding the would-be Williams blockers, he batted the ball to the ground just as it was about to be caught. He thus prevented Williams from trying a goal from touchdown.

Details of Game

Williams won the toss and chose the goal favored by a slight wind. The field was muddy in places. Williams failed to gain, and punted to mid-field. Hamilton rushed the ball to the 20 yard line, but two end runs resulted in a ten yard loss, and Gorman failed in an attempt at a place kick from the 40 yard line. After a series of rushes, a forward pass was intercepted by Campbell, who ran to the 20 yard line before he was downed. Pape made first down as the quarter ended.

In the second quarter Williams recovered a fumble made by the Buff and Blue, and started down the field. A fumble halted their march, Welsh recovering. Hamilton punted. Two forward passes, one of them being followed by a run, gave Williams the ball on the visitor's 3 yard line, from where Boynton crashed thru for a touchdown.

Pass Yields Touchdown

At the opening of the second half Morrow went in for Spinning. As the last quarter started Williams advanced the ball thirty yards, and two long passes paved the way for another touchdown, Brown being tackled on the 3 yard line. At this point Keeler replaced MacLean, who

(Continued on page 4.)

'TENTION TO DISMISSED; DAY AT CAMP FLATFOOT

Scribe Tells of "Pinkey's Boys"
Learning "Squads Right" on
College Hill

"Atten-shun!" rings out the command, and work at Camp Flatfoot has started for the day. Under the command of General Pinkey, the camp is turning out men that would have made Napoleon cry out, in despair, "Had I had 100 such as these I would have conquered the world." Perfect discipline has been instilled and the men are realizing their opportunities and benefitting by them.

A perfect curved line presents itself to the Top-Sergeant as, with a smile-freezing look on his pink-cheeked face, he steps to the end of the line to show his authority. "Back in the center!" he calls out. With most perfect obedience, the center remains steadfast and both ends, with the very best of decorum, proceed to step five paces forward.

Bob Has Fond Memories

"Count off!" rings the order. Immediately every head is snapped either to the right or left, depending on who or what is crossing the parade grounds. Today Miss Fair-damsel from Utica is reviewing her minions from the reviewing stand at the left, so, with love-light shining in every eye, all heads are turned in her direction. 1-2-3-4-1-2-3—there is a halt—a long pause, then utter silence. "Say, what the devil is the matter down there? What is your number, Corporal Day-dream?" With a start of total perplexity, the lackadaisical Corporal awakens and answers, "First row, seat 18." He is evidently still thinking about that pink slipper on the dainty foot of the leading lady in "You're In Love."

Now Mr. Sergeant deliberately whirls on his heel and salutes his commanding officer who returns his salute with a gesture which resembles that of the Sergeant, but which is more familiar and bore traces of being akin to a campus salute which is

MEN'S NEW ENGLISH Regimental Scarfs

\$1.00

*Hand-Made of imported repp
silks in 40 Regimental Colors*

**CARMOOR
LONDON**

This beautiful collection of Regimental Scarfs is an interesting commentary on the dye situation—it embraces the colors of forty English regiments and there isn't a single color missing, nor off color, in spite of the dearth of dyes.

Rich, deep, live English colors that are full of vim and victory.

Hand-made, taped from end to end and won't pull out of shape.

The ideal regimental touch in this hour of a great international cause.

Very good value at \$1.00.

The Liberty Loan

There has been a general apathy in this country towards the second Liberty Loan. The subscriptions have been slow to come in and to reach the five billion dollar mark before October 27, four days hence, means that the people of this country will have to wake up.

Our country has got to have money to prosecute the war, and the moral encouragement to our enemies if we fail to reach this mark will be tremendous. They will feel that the United States is disunited in this war. Whatever the causes behind this lack of interest, it is time to rise from our lethargy.

Perhaps one trouble has been to shirk the responsibility upon the other fellow. But this Liberty Loan to succeed means that everybody has got to get behind it. And here is where college men come in as well as farmers, laborers, business men and capitalists. Some of us may have subscribed and there are a great many others who can afford to. We all have a little money saved up and what better use to make of it than to loan it to our country.

Don't hesitate because you only have fifty or a hundred dollars. The Government urges us to buy upon our future earnings. If half of the population of this country should give one hundred dollars, paying even this small sum in installments, how much would the Government have? They would have their goal, the five billion dollars and fifty million people would have their money well invested. The burdens of this war must fall equally upon all.

Go down and do your bit; forego

your week end trips to Utica, if need be. We will soon come to the worst if we don't realize mighty quickly that we have a war on hand. As a college, get behind the Liberty Loan. Let us show some concrete patriotism in the remaining four days of the campaign. Tomorrow is Liberty Day, especially set aside by executive order. Get educated to buying government bonds as sound investments.

* * *

Books and Magazines

Prof. Ibbotson in Chapel the other morning urged that the fellows should bring more books to the library to be sent to the boys at the front. So far only about a dozen books have been contributed by the College. We should certainly take this appeal seriously and looking over our stock in hand make an earnest effort to swell our contributions.

Perhaps, however, as we are away from home, we have here few books of our own that would be desired. But we all do buy and read a great number of the current magazines and right here **Life** would like to suggest that, if we have not already, we act upon a patriotic opportunity opened to us. All of us have noticed that a great many magazines have a small notice printed on their covers, asking us when finished reading, to place a one-cent stamp over the notice and to return to the post-office where the magazine would be forwarded to the boys at the front. How many of us have acted upon this opportunity to give our soldiers and sailors reading matter?

These little acts involve no trouble and the enjoyment given to the men who are fighting for us cannot be measured. Let us when we in the future buy a magazine remember this. It is one small way of helping and small things grow to tremendous size, if a hundred million people think to act upon them.

HAMILTON LOSES HARD FOUGHT GAME

(Continued from page 1.)

was injured. Dayton went over the touchdown on a line buck, but Boynton failed to kick goal. Hamilton received the kick, and worked the ball down to the 12 yard line, where it was lost. Shortly after this, the whistle blew for the end of the game.

PHI BETA KAPPA ELECTS

Paul D. Hasbrouck, Philip C. Jessup and Thomas E. Roberts, '18, have been elected to the Epsilon Chapter of Phi Beta Kappa.

MUSICAL CLUBS WILL BE UP TO STANDARD

Several of Last Year's Men Gone, But Plenty of Talent in Freshman Class

The Musical Clubs this year will be fully as good as any that Hamilton has turned out in previous years. While the losses of men in both the Glee and Instrumental Clubs will be keenly felt, both leaders feel that there is an abundance of new material with which to make the clubs up to the usual standard. Manager Bull has as yet done nothing toward arranging for engagements but no trouble is anticipated in this line as several towns have made requests for them. It is the intention to turn all of the proceeds over to the Red Cross or some other worthy organization.

Quartet Formed

Leader Clum of the Glee Club expects to have an aggregation which will be equal to that of last year. The greatest loss to the Glee Club is the members of last year's quartet who have all left college. However, a tentative quartet composed of Peters, first tenor; Clum, second tenor; Ferguson, first bass; and Collins, second bass, has been practicing and will be able to hold up their part of the program.

Peters is expected to do some of the solo work. Leader Clum will hold tryouts for the vacant positions soon and hopes to find some good material among the members of the Freshman class. There will be no monolog this year unless an exceptionally good monologist should turn up.

Instrumental Club Music

The Instrumental Club has not lost as many men as the Glee Club, but still needs four first mandolins and three second mandolins. It is Leader Morrow's plan to take on several men who can play ukeleles and to introduce a Hawaiian specialty. The music selected for the principal numbers is "Medley from the Ziegfeld Follies" and "The Tales of Hoffman". New music will be procured later in the season in order to have the music up to date.

Turner, '20, will probably play a violin solo as he did last year and other specialties may be introduced. Leader Morrow urges all men who play a stringed instrument to practice up and come out to the tryout.

SOPHOMORES ELECT

At a meeting of the Sophomore class after chapel Monday morning the following officers were elected: president, Samuel Budd Cairns of Houghton, Mich; vice-president, Richard W. Kaiser of New Rochelle; and secretary-treasurer, Claude H. Thompson of Binghamton.

TRY OUTS THIS WEEK

Leader Morrow of the Instrumental Club expects to hold the try-outs for the club about the middle of this week. He wishes all men who play the ukelele to try out for a place with the organization, as he is desirous of having several players with the club.

—County Judge Issac S. Signor, '70, has been elected President of the lately reorganized Orleans County Bar Association of Orleans County.

Spice o' Life

Divers Spicelings

Dr. Stone recited well and plain
About our duties north of Spain.
Old Jupe cut loose the moisture spout
And put a crimp in the Williams bout.

But now Dr. Prettyman is here
From Union we have naught to fear;
The freshman caps are on their way
And Charlatans prepare to play.

The gridmen, too, are on their toes
To wallop their Rochester bros.
Sir Terpsichore bears in the tray
And on it all the fall dance fray.

Postlude

We would not seem extenuated
But if no Prom is contemplated
The little bird says musica,
He means the clubs---etcetera.

Bull: "I see you are conserving food, Joe."

Kelly: "How's that?"

Bull: "That soup has been on your vest for a week."

A Pleasant Partner

Neff, translating French: "She danced with intoxication."

Truthful

Neff: "Pardon me but you will have to repeat that question, Professor. I was asleep."

Prehistoric Frolics

Rocks, on field trip: "There was a beach of a peebly character here about 40,000 years ago."

Ferguson: "And did the pretty maids sit on the beach in those days like they do now?"

N. B. 'Twas known as "Clinton Beach."

Down Hill Stude: "Do you hear much about conservation of food in Commons?"

Up Hill Stude: "No, about all we hear in that line in conversation of food."

All Too True

Prof. Fancher rises to remark that most of the Sophomore's themes describing the Hobart game sounded very "**Life**"-like.

Brandt: "I've looked all over for a hat that becomes me."

Kaiser: "When did you have it last?"

Co-eds in Debate

Dave Powers (in debate): "Now the first speaker for the affirmative-she says---."

Jim Searle: "I would like to inform the speaker for the negative that the first speaker for the affirmative is a male."

—Robert A. Patteson, '87, secretary of his class, has published a small pamphlet called "Thirty Years After" giving insight into the celebration of 1887 during its reunion at Commencement of this year. Letters of absent classmen and reminiscences of those present fill the pages. The hand of "Esau" is evident in places, and that is not the "hand" of Patteson.

DR. STONE TELLS OF WORK IN BELGIUM

(Continued from page 1.)

the greatest trial of the Belgians. The upper class have sufficient money to pay the exorbitant prices for food, and the poor are well taken care of by the relief committee. The greatest privation is felt by the middle class shopkeepers who are left without resources except stock in trade which cannot be renewed as it is gradually sold.

Belgians Not Treated Harshly

Mr. Stone stated that he had seen no harsh treatment of the people by the Germans. The stories of children having their hands cut off were probably fictitious and untrue. One thing which aroused the Belgian resentment was the deportation of men into Germany in order to replace the civil population which had been taken to the front. A great problem that confronted the people last spring was the thrusting of 34,000 dependents upon the villages of Belgium. These had been removed from the territory being evacuated by the German army. The only atrocities were committed by the Germans in the beginning of the war. They would ravage and burn unfortified towns so that they would terrify fortified towns into surrender.

Germany Not Beaten

Dr. Stone asserted that it would be a hard fight. Germany is not beaten and will not admit defeat until thoroughly whipped. France is wearing out and a good deal depends upon the Americans to encourage her and support the Allied armies in the spring drive next year.

—Charles Mangan, '10, is preparing for national service in the second officers' training camp at Fort Niagara.

—Among the Hamilton men who have been drafted and are now at Camp Dix are: Fulton, '16; Henty, '16; Root, '18; Smith, '18; and Clay, ex-'18.

—Edmund J. Wager, '85, Chairman of the Local Exemption Board, Division No. 2, city of Utica, has resigned his position and his resignation has been accepted by Governor Whitman. When last July Mr. Wager accepted the appointment to this important position, he went at his task with unstinted energy and called into service nearly the whole force of his extensive law offices, putting aside important legal business in order to serve in the cause of the Nation. Pressure of business compelled Mr. Wager to give up the work he has so efficiently conducted up to date.

ALBERT PRETTYMAN SIGNED AS COACH

(Continued from page 1.)

ing. After graduating from Springfield, Mr. Prettyman became instructor of Physical Education at Columbia for three years. He then became supervisor of Physical Training of the New York City Public Schools. He was also engaged in physical training in the New York City College settlement. In 1912 Mr. Prettyman took up the direction of gymnasium and athletics of the Nichols School of Buffalo.

Training Table Starts

Mr. Pettyman was on the Hill for the Hobart game and so he knows in a measure what the team needs. After a conference with Dr. Ferry Saturday Mr. Prettyman returned to Buffalo and wired his acceptance Monday night. The coach arrived on the hill Wednesday for regular work. The men were put thru a stiff work out at tackling and blocking. The training table was started for the men Thursday morning.

—Cheering practice today.

ACHIEVEMENT

Twenty-five years ago the General Electric Company was founded. It has set free the spirit of research. Since then, electricity has sent its thrill through the whole structure of life. It has given tangible form to invention, in apparatus of infinite precision and gigantic power. Eager to turn wheels, to lift and carry; to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work — electricity has bent to man's will. And it has gone forth, co-operating with every industry, to command this unseen force and fetch it far to serve all people. Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership. By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.

even more comical and is delivered in a terrified manner.

Squads Patrol Campus

Now Company A breaks up into squads for the perfecting of what is known as "the school of the soldier." From different sections of the parade grounds can be heard the barking of the drillmasters. Open insubordination is evident in Drillmaster Schiltz's squad where Private Emperor, with the backing of Privates Goose and Barndoor, is threatening Mr. Schiltz's life. Mr. Schiltz has been trying to save the life of Private Haircut who has roused the anger of Private Emperor through his endeavors to learn a thing or two. Just then resounds a terrific blast on a tiny whistle and the squads proceed to gallop back to their rendezvous where General Pinky announces a short talk by General Trot. After five minutes of agony, a smile of relief is seen on every private's face, as General Pinky gives the command which is the most beloved sound brought from I. D. R., "Sergeant, Dismiss the company!" Amid cries of pleasure the nobility hand their guns to that despised but almost human class of men known as Freshmen, and Camp Flatfoot rests until another day.

COLLEGE REPRESENTATIVE, MINO, '20

New York Law School

174 Fulton Street, New York City.

Follows the "Dwight Method" of legal instruction, which makes pre-eminent the study of legal principles and the reasons upon which they rest, and combines the use of treatises, cases, lecture notes, preparation of legal instruments, etc. Has a Day School and also an Evening School; a student can attend either. Three years' course. Teaches the various subjects required for admission to the bar in the different States.

Send for Catalog explaining Courses.

GEORGE CHASE, Dean.

Albany Law School

The course of study leading to the degree of LL.B. extends over a period of three years. Students who have pursued one or two years in a law office may enter the second year class as a candidate for a diploma, but not a degree.

The high standard of the school and the facilities which the city affords with its legislature, courts and library offer unequalled opportunity for a thorough and practical training.

College Men "Make Good"

When an emergency arises in business, political or military crises, a call goes out for "college men." They are expected to "make good." And they do. The reason for their success is their ability to bring their special training to bear on the problem at hand.

In financial matters this trust company is prepared to meet the constantly changing conditions due to the special training and long experience of its officers and staff.

Our several departments offer the following services:

- (1) Checking accounts—large or small.
- (2) Large or small interest accounts on which we pay $3\frac{1}{2}$ per cent.
- (3) Loans on promisory notes, on collateral security, and on real estate mortgages.
- (4) $3\frac{1}{2}$ per cent. interest bearing Certificate of Deposit.
- (5) Acts as executor, administrator or trustee for decedent estates.
- (6) Agent or trustee for estates of living persons.
- (7) Safe Deposit Boxes to rent for \$3.00 per year and up.

We especially welcome the opportunity of serving men "on the Hill."

Full information will be given on application to the Secretary.

ROCHESTER ELEVEN LACKS FORMER PEP

University Team Has Lost Some of Last Year's Offensive Power

The second of the three games to be played on Steuben Field this season comes Saturday afternoon when the University of Rochester eleven comes here with a remembrance of the 30-0 foreclosure dealt one year ago. And, if forehand dope can be relied upon, from a comparison of the Flower City warriors and our own, it is a cautious hunch that the matinee Saturday will take the form of revenge.

Rochester Lacks Aggression

Rochester was struggling through a no-score contest with St. Lawrence a week ago when Hobart was being trounced here. The Rochester game was reported as revealing no aggressiveness on either side; certainly none of the dash and strength with which Rochester pierced our line and tore around the ends last fall was displayed against St. Lawrence. A feature of the Rochester team last year was its open playing and success in forward passing. Time after time it worked the pass for long gains and scores against Hamilton.

This year it will be confronted by a team that can resort to the pass and open formations and back them up with all kinds of speed as the Hobart game showed. Coach Prettyman will this week perfect some plays that were not ready for the Williams game in order to offer the squad at its best this Saturday.

AT OTHER COLLEGES

—The war has resulted in less than 40 per cent. of the normal number of students registering at Princeton graduate school this year. On account of this many courses have been dropped and general economy is being practiced.

—Clarkson College of Technology has only two-thirds the usual number of students and was forced to give up football on this account. Basketball will, however, be played as usual.

—St. Lawrence University opened with practically as many students as last year but minus most of the athletes who have made up its varsity teams the last year. On account of this football has been getting started slowly but confidence is expressed that the season will be fairly successful when the team once strikes its stride. "Get Hamilton" is, as in former years, the text of the students' cry and Coach Roundy claims it will be obeyed.

—Harvard University is having a great deal of trouble over the inability to secure a coach for the football team. Haughton is tied up with his baseball interests and will not be able to serve this year.

—Princeton University has given up intercollegiate football for this year but will have intramural contests in its place. A strong effort will be made to develop a powerful Freshman team in hopes that the sport may be resumed next year.

—Francis P. Kimball, '16, is now assistant city editor of the New York Sun.

NAVAL AND MARINE OFFICERS MAY ASSIST IN TRAINING COLLEGE BATTALION

Hamilton's battalion may yet be well looked after by experienced military officers, if the efforts of President Ferry and other members of the faculty meet with success in securing Sergeant Clarke and Lieut. Dohrman, now stationed in Utica, to take charge of the military work on the Hill. These two men inspected the College companies last Monday, and expressed their surprise at the progress which has been made by the embryo soldiers in so short a time.

Authorities on Machine Guns

Lieut. Dohrman, senior lieutenant in the Navy, is a specialist in machine guns and has been detailed by the government to look after the manufacture of the Lewis guns, which the Savage Arms Companies are turning out in large numbers in Utica. Sergeant Clarke is the officer in charge of the school for machine gun officers.

He is one of the four best high power rifle shots in the country. Both of these men are friends of Prof. Brown, who was instrumental in interesting them in the College drilling. They desire to take charge of the work, and only await assignment from Washington. President Ferry is in communication with war department officials, and hopes to be able to secure the services of these two men.

The poor weather of the past week has greatly hindered the work of the companies, and has necessitated using the gym as a drill shed. The manual of arms has occupied most of the time, with some work in signaling. Baumer, '20, who spent the summer in service in the Naval Reserve, is acting as instructor in the latter department. If these Navy officers come to the Hill, instruction in machine gunnery may come later in the season.

STUDENTS AID SALE OF LIBERTY BONDS

Local Banks Start Installment Plan To Further Sale—Committee Ready To Help Government

Hamilton's share of the second Liberty bond issue is being taken up by scattered subscriptions through the Utica and Clinton banks. The fact that many of the college men find it difficult to meet the normal expenses makes impossible any concerted or widespread subscriptions to the issue.

The celluloid lapel buttons marking a subscriber are not entirely lacking and it is known that a number of undergraduates and a large part of the faculty have applied for bonds.

Quartet Sings

The committee of upperclassmen is still ready to lend itself to further the work under the direction of the local committees. On last Thursday evening, Clum, Collins, Ferguson, and Peters, as the new quartet, represented the college at a large and enthusiastic meeting in Clinton. A number of songs were offered and well received.

For those who cannot meet the government requirements of paying for bonds in four installments ending in January, the local banks have issued club cards under which system a \$50 bond may be purchased on the installment plan of one dollar a week beginning now and continuing until October, 1918. Wednesday, October 24, has been designated by President Wilson as Liberty Day and will be marked by patriotic exercises throughout the country. The goal for the day is a subscription of one billion dollars.

College Notes

—Lieut. M. D. Russell, ex-'18, was on the Hill last Friday.

—Lopardo, '20, who entered up at Syracuse this fall, is back on the Hill in the Sophomore class.

—The storm which struck the Hill Friday did considerable damage to the surrounding country. A tree was blown down near the Cemetery and the top of the flagpole was broken off.

Alumni Notes

Tom Lee, '14, is with the American Railroad Engineers, 17th Regiment, in France.

—Wilfred R. Higgins, '16, recently received a commission as first lieutenant in the regular army at the Fort Snelling, Minn., training camp, and he is now stationed at Fort Riley, Kan.

—Professor William L. Dowling, '69, has lately composed a hymn for the Utica Free Academy students on the basis of Onward, Christian Soldiers, called: "American Battle Hymn."

—Rev. George S. Webster, D. D., '78, who is in charge of the religious work for the American seamen, attended the sessions of the Presbyterian Synod of New York which met last week in Watertown.

—Robert W. Drummond, '12, after five years of experience in agriculture, has entered commercial life and represents the Oneida Community Company in Indiana. He is agent for silver ware and other commodities put out by this progressive business concern.

—W. Curtis Knox, '12, is representing the Oneida Community, Ltd., selling its products throughout the Mississippi Valley. Upon leaving college, Knox became principal of a High School, then devoted his attention to business connected with The Utica Daily Press.

—Arthur S. Evans, '09, Assistant District Attorney of Oneida County, received high compliments from the foreman of the Grand Jury who reported to Justice Crouch in the Supreme Court in Utica last week. The foreman said: "The grand jury wishes to express appreciation of the prompt and efficient manner in which the district attorney's office has presented the many cases under their charge. We wish to commend the department for the fairness and diligence displayed in the labors of its officials." Arthur S. Evans was the chief factor in presenting the 80 indictments to the Grand Jury. Chief William Ross Lee, '00, was devoting his attention to "exemption duties."

CHINESE MISSIONARY TO SPEAK IN Y.M.C.A.

R. E. Taylor Will Be On The Hill Sunday—Other Plans of Cabinet

Y. M. C. A. activities of the year will begin this week-end when Mr. R. E. S. Taylor, a graduate of Victoria College, Canada, and for several years a missionary in China, will come to the Hill in the interest of the student volunteer movement for foreign missions. Mr. Taylor will arrive Saturday, and will work among the student body Sunday and Monday. He will give a talk in Silliman Hall at eleven o'clock Sunday morning on "China and the Far East", and at 3:30 will meet the Y. M. C. A. cabinet for a conference. Mr. Taylor's broad experience makes him well acquainted with conditions in China, and his talk will be not only for those who are concerned with foreign missions, but for all students interested in the ordinary life of China. On Monday Mr. Taylor will personally interview students especially interested in his work. Such men are asked to make special appointments.

To Work With Colgate

As soon as the committee on membership has made its report, the extent of this year's work can be estimated, and more definite plans will be announced. Pres. Beach is corresponding with the Colgate Y. M. C. A. in an endeavor to have them unite with the Hamilton unit in sending deputation teams to surrounding towns during Christmas vacation.

Weekly prayer meetings have been started and will be held every Wednesday night from 7:30 to 8:00 o'clock in Silliman Hall. Fifteen minutes of each meeting will be devoted to the study of Fosdick's "Meaning of Prayer".

Members of the Y. M. C. A. have cooperated with the Kirkland Town no-license committee, and have secured the promises of twenty student voters to vote in Clinton for no-license at the coming election.

THE NEW ATHLETIC FIELD

Will be Completed by Next Spring— Trouble in Obtaining Cinders Halts Work

According to the promise of Bur-sar Coughlin the new athletic field will surely be ready by spring. The completion of the track is being carried out as fast as present conditions make possible. During the past week many loads of cinders have been placed on it but owing to the difficulty in obtaining them, the work has been progressing slowly. The cinders which are the best for the packing and filling in of the race course are obtained from the railroads and in most instances have to be shipped from other places. Due to the freight tie-up and to various uses to which the railroads put the cinders at their own terminals very few car-loads have reached Clinton. However, they are coming in slowly and are being brought up the hill as fast as weather conditions permit. Already, about half the track has been covered and the rest is gradually being completed.
